Mailboxes

Please make sure to review your mailbox for any necessary maintenance such as cleaning, painting, or other repairs. There are many mailboxes that need to be painted in the community. Please repaint your mailbox black and your flag the original red along with making sure that your numbers are clearly visible. If you need replacement parts for your mailbox, we have found two (2) vendors that can help you with that. You are welcome to find another vendor if neither of these work for you.

1. Mailbox Project – 770-535-0036
2. Paul Bracher – 224-303-0175 or mrmailboxga@gmail.com

If you would like to paint your mailbox yourself, here is the recommended colors and finish:

Pole and Box - Rust-oleum Semi-Gloss Black Oil Base or Rust-oleum Semi-Gloss Enamel Black Spray Can.

For the flag - Rust-oleum Gloss Protective Enamel Spray Can Regal Red 7765 (or you can replace the flag for a small cost at Lowe's, Home Depot, Amazon, etc.)

The Charleston Number Plate is nearly identical to all the number plates in the neighborhood. You can obtain that plate online via Amazon at <https://tinyurl.com/CharlestonNumberPlate>.
